Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	\$3000 person / \$6000 family	Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u> ?	Yes. <u>Preventive care</u> services are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this plan covers certain <u>preventive</u> <u>services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	\$5000 person / \$10000 family	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. if you have other family members in this plan, they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	Premiums, <u>balance-billing</u> charges and health care this <u>plan</u> doesn't cover do not apply to this out-of-pocket limit.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u> ?	No. You are free to use any provider without penalty.	This plan treats providers the same in determining payment for the same services.
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without permission from this plan.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
