

Virtual VAULT

For When You Can't Leave Your Home

During these challenging and uncertain times, VAULT has recognized a unique market need for basic and critical healthcare access. In response, we have created the Virtual VAULT plan. This product provides both Telephonic and Video virtual medical services and has two options for Rx benefits. Priced at \$17 or \$ 27 dollars per month, the benefit covers the entire household for just one low monthly price. The plan helps families with over 70% of their routine needs:
